

ALYSA JULIANA M. EMILIO

Software Developer | Cloud Enthusiast Computer Engineer

Calamba City, Philippines | +63 951 3615 137 | alysaemilio@gmail.com |  

SUMMARY

A **Frontend Lead** with experience in **full-stack development**, **cloud deployment**, and **building large-scale CRM systems**. Skilled in React, TypeScript, and modern UI libraries, with strong collaboration across backend teams and leadership. Passionate about scalable, user-focused web solutions and exploring **DevOps and AI**.

EXPERIENCE

FullStack Web Developer

September 2025 - Present

MaggyMaid (Full-time, US-Based, Remote)

- **Developed and maintained** a multi-tenant SaaS platform for a U.S.-based cleaning services company (MaggyMaid), similar to Launch27, using **React, TypeScript, Node.js, Express, MySQL, and Tailwind/Vite**.
- Worked closely with the **business owner** to turn ideas into scalable, production-ready features.
- Used **AI tools and modern resources** to speed up development while ensuring full understanding of every implementation.

Software Developer (Frontend & API Integrations)

July 2025 - September

Audio Video Integrations LLC (Full-time, US-Based, Remote)

- **Led frontend engineering** for a US-based **CRM**, automating business workflows from leads to invoicing and deal success.
- Collaborated with the backend lead and CEO to design workflows and manage RESTful API integrations on a Node.js + PostgreSQL stack.
- Built scalable frontend architecture with React, TypeScript, React Query, and modern UI libraries, applying Git, CI/CD, and Railway deployments.

IT and Infrastructure (Support) Intern

Feb 2025 - April 2025

Embedded Silicon (Alabang, Muntinlupa City, Hybrid)

- Led the complete revamp of the company's website, handling both frontend and backend development and integrating a CMS for dynamic job listings and success stories. Applied the **SDLC** process in planning and deploying systems.

Frontend Developer Trainee

Jan 2025 - April 2025

BeFied (fka EduFied, Singapore-Based, Remote)

- Collaborated remotely with an experienced development team to build the FilPass system for EduFied using NextJs, TailwindCss, and ShadCn.
- Worked on ApostropheCMS integration with **Ubuntu Linux subsystem**.

Freelancer

Nov 2022 - May 2025

- Freelanced on various projects using Python, Java, Django, Flask, Node.js, and Express, adapting to client needs and tech stacks.
- Worked with MySQL and MongoDB, strengthening backend knowledge.

PROJECTS

Lung X-ray Diagnosis Platform (Federated Machine Learning)

- Secure, role-based platform with **React, Node.js, MongoDB, and JWT**. Integrated with federated Machine Learning.

Embedded Silicon Website Revamp

- Led the full-stack redevelopment using the **MERN** stack and integrated a **custom CMS** to enable dynamic updates for job listings and success stories

Personal Portfolio

- Built a responsive portfolio using React and TailwindCSS with Shaden/UI and DaisyUI components.
- Deployed on **AWS S3** with automated **CI/CD** via **AWS CodePipeline** and **GitHub**.

EDUCATION

Batangas State University - The National Engineering University

2021 - 2025

Bachelor of Science in Computer Engineering
GWA: 1.6
Full Scholarship (100%)

SKILLS

Soft Skills

Collaboration & Teamwork, Leadership, Problem-Solving, Adaptability & Learning Agility, Communication, Time Management & Accountability, Attention to Detail, Critical Thinking

Technical Skills

Programming & Scripting:	HTML, CSS, Python, JavaScript, TypeScript, Java, C++, Bash (basics)	
Databases:	SQL (MySQL), NOSQL (MongoDB)	
Frontend Development:	React.js, Next.js, Tailwind CSS, Framer Motion, ShadCn, DaisyUI, Figma, UI/UX	
Backend Development:	Node.js, Express.js, RESTful API, Laravel (basics)	
Version Control & Collaboration:	Git, GitHub, Bitbucket	
Cloud & Deployment:	Vercel, Railway, AWS S3, AWS Lambda, API Gateway	Currently Learning/Exploring: EC2, RDS, CI/CD (CodePipeline)
Project Management:	Jira, Agile Methodology, Scrum Methodology, Waterflow Methodology	

CERTIFICATIONS/AWARDS

Dean's Listers

Top Performing Student (Top 4)
Batangas State University - The National Engineering University

2023

AWS Cloud Practitioner Essentials 
AWS Training & Certificate

June 2025

Getting Started with AWS DevOps 
AWS Training & Certificate

June 2025

Agile with Atlassian Jira 
Coursera

June 2025

JavaScript Essentials 1 & 2 
Cisco Networking Academy 

March 2024
